PROFESSIONAL SUMMERY

Creative and detail-oriented UI/UX design enthusiast with a strong foundation in web development, including HTML, CSS, and JavaScript. Currently a third-year undergraduate at SLIIT, I bring fresh, innovative ideas to every project and have extensive experience using Figma to design intuitive and user-friendly interfaces. Proficient in version control and skilled at working collaboratively in team-oriented environments. Passionate about blending technical expertise with creative thinking to deliver impactful digital experiences. Excited to contribute to forward-thinking projects while continuously advancing my skills in design and development.

EDUCATION

Undergraduate Student, Sri Lanka Institute of Information Technology   Oct 2022 - Present
BSc (Hones) in Information Technology
Relevant Coursework : Human Computer Interaction , Internet & Web Technologies , IT Project

University of Moratuwa   Sep 2024 - Present
Certificates course for python programming and web development

Advance Level - Physical Science Stream   2019 - 2022

PROJECTS

Fresh4You Fruit Management System - GitHub Repository   Feb 2024 - June 2024
Sri Lanka Institute of Information Technology | Y2S2 -IT2080-IT Project Module

Developed a full-stack web application using MERN Stack, Tailwind CSS, and Material UI. Designed the prototype in Figma and implemented key features, including fruit offer management (add, edit, delete), dashboard, searchable table,sort-out and report generation. Utilized Visual Studio Code for development and GitHub for version control.

Blinkee.com - Figma Link   July 2024 - Oct 2024
Sri Lanka Institute of Information Technology | Y2S2 -IT3060-Human Computer Interaction
Redesigned a website in low fidelity and high fidelity using Figma.

BookBug - Figma Link   Feb 2024
Sri Lanka Institute of Information Technology | Y2S2 -IT2010-Mobile Application Development
Developed a mobile application using Figma

Hotel Management System   Feb 2023 - June 2023
Sri Lanka Institute of Information Technology | Y1S2 -IT1100-Internet & Web Technologies

Developed a full-stack web application using HTML , CSS , JS , using PHP and MySQL for back-end.

SELF PROJECTS

Figma : GR-Cottage   Dec 2024

Figma Link

Developed this Design to learn and practice figma design, focusing on design principal and human values. It includes all the pages using figma tools and variables.

HTML , CSS , JS : To-Do App   Nov 2024

GitHub Link

Developed this website to learn and practice HTML, CSS, JS and focusing on functions and human attraction. It includes the page using HTML and JS.

HTML , CSS , JS : Weather App   Nov 2024

GitHub Link

Developed this website to learn and practice HTML, CSS, JS and focusing on functions and human attraction. It includes the page using HTML and JS.

TECHNICAL SKILLS

Web Development : HTML, CSS, JavaScript

UX/UI : Figma, Canva

Programming : React, Java

Libraries : React.js, Tailwind

Database : MySQL, MySQL Server Management

Others : Git, GitHub

ADDITIONAL

Language : English(Intermediate) ,Sinhala(Fluent)

Extracurricular Activities : Chess
